

PAWTOWN DAY CAMP POLICIES and AGREEMENT

<p>Pawtown provides a wonderful opportunity for your dog to experience playtime, entertainment and exercise! Our day camp program provides an innovative, exciting and fun alternative to leaving your four-legged friend at home. We provide your dog with a safe and healthy play environment to enrich the spirit, increase social skills and stimulate the mind. This activity can have a very positive impact on your dog's health, happiness and behavior. Listed below are the guidelines that all dogs and their parents need to know.</p>	
Approval Process	<p>To be considered for day camp, dogs must be current on required vaccinations, be on an effective flea and tick preventative, and not be aggressive or extremely dominant. In order to ensure the comfort and safety of all of our day camp participants, a temperament evaluation will be performed on your dog(s) first day of camp. This evaluation helps us determine if day camp is right for your dog. It also helps us determine which playmates your dog will have the most fun with so that we can place him or her in an appropriate play group. A dog may be tested while lodging at Pawtown if requested.</p>
Behavior Monitoring	<p>For the safety of all day camp participants, we continuously monitor the behavior of all participants, since a dog's behavior can change over time. If a dog's social skills become unsuitable, day camp privileges will be suspended. In addition, dogs who have not participated in day camp for over three months will be watched closely. If such dog's behavior changes such that it imposes a safety risk to other dogs or to themselves, his or her day camp privileges will be suspended.</p>
Vaccinations	<p>Pawtown must have a formal vaccination record from a licensed veterinarian . We require that vaccinations be administered at least 10 days prior to arrival. We may not be able to board a dog if this requirement is not met For your dog's protection as well as the protection of other dogs at the facility, the following vaccinations are required after the initial series of puppy or kitty shots: Please call us if there is any reason your dog cannot receive these required vaccinations.</p> <p>Dogs – Up-to-date on the following: RV (Rabies) DHPP (Distemper virus, Parvo virus, Hepatitis, and Parainfluenza) Leptospirosis – since we have bone pools in our play yard and there is often standing water in the outdoor areas, we require a Leptospirosis vaccine. Some veterinarians may not recommend this vaccine for tiny breed dogs. You will be asked to sign a waiver if this vaccine has not been administered to your dog. BV (Bordetella) OTHER RECOMMENDED CIV (Canine Influenza): H3N8 and H3N2 Healthy Fecal Exam</p>
Health	<p>All dogs must be in good general health to play in day camp. Any dog known to have been exposed to a contagious virus must wait 30 days or until clearance by his or her veterinarian is given before visiting Pawtown.</p>
Internal Parasites	<p>If internal parasites are discovered, the dog will be quarantined and the parent will be called to discuss a plan of action regarding obtainment of veterinary treatment. A negative test for internal parasites from the dog's veterinarian will be required prior to the next visit.</p>
Flea and Tick Prevention	<p>We follow a rigorous program of flea and tick prevention. All dogs will be checked thoroughly for fleas and ticks prior to admittance. If any are found, the dog will be treated immediately, at the parent's expense, before being allowed to enter the day camp areas.</p>
Behavior	<p>Dogs may not be accepted for boarding if they show signs of, or have a history of, severe aggression or separation anxiety. A daily handling fee may be charged for dogs that are difficult to manage. We reserve the right to decline service to any dog or individual.</p>
Interaction	<p>For at least 10 days prior to arrival, we require that guests refrain from visiting veterinarians' offices, grooming salons, day camps, dog shows, or other places where they may possibly be</p>

	exposed to a contagious virus or parasites. We may not be able to board a dog if this requirement is not met.
Minimum Age	We welcome puppies who are emotionally mature enough to enjoy playing in play groups with dogs of various ages. The appropriate age will be different for each dog.
Personal Items	No personal items will be accepted for day camp participants unless they are also boarding with us.
Food/Treats/Toys	No meals are given for day camp participants unless they are also boarding with us. To avoid bloat, we require that you feed your dog at home at least one hour prior to arrival for day camp. Treats may be given at nap time unless your dog has a specific food allergy or is on a special diet. Please let us know if your dog is on a special diet or could be allergic to the house treats that we offer day camp participants. Toys will be provided by Pawtown.
Medication	No medications are given during day camp unless your dog is also boarding with us.
Non-emergency Care	Some dogs react differently to new environments and separation from their parents. In non-emergency situations (e.g., diarrhea, loss of appetite), we will contact you to discuss best course of action for your dog.
Emergency Care	If your dog should require medical attention while in our care, our customary procedure is to contact you or your emergency contact to discuss the best course of action. Should the nature of your dog's illness require an office visit, we reserve the right to utilize a veterinarian of our choice. Our fee for transporting your dog to and from the veterinarian is \$50. Our fee for transporting your dog to and from certain specialists, or after hours, is \$80. Our fee for wait time at the veterinarian is \$15 per 15 minutes. In order to ensure that there is availability for your dog to participate in day camp on the days you prefer, reservations are required at least one day in advance. Dogs that have been approved for day camp may be included in our day camp program in one of three ways:	
(1) Standing Reservation	Dogs with standing reservations have reservations for a specific day (or days) of the week. The dog attends day camp on the same day (or days) of each consecutive week on an ongoing basis. Standing reservations are available with the purchase of a day camp pass. Day camp passes are available for \$250 or \$700. The \$250 pass offers 10 visits. The \$750 pass offers 30 visits. There are also discounted package rates for a family with more than one dog participating in day camp. Contact us for details.
(2) Call-in	Parents of dogs with or without standing reservations may call Pawtown inquiring about day camp availability for a certain day. Reservations are required at least one day in advance. If a space is available your dog can attend day camp. A day camp pass is not required and the cost is \$28.00 per day without such pass.
(3) While Boarding	Dogs that have been approved for day camp may make a reservation to participate when they are boarding overnight, if space is available. The cost is \$25.00 per day.
<p>Policies Applicable to Standing Reservations</p> <p>By scheduling a standing reservation, dog parents are able to ensure that their dog will be able to attend day camp each week. The following policies apply to standing reservations:</p> <ul style="list-style-type: none"> ☑ Standing reservations are only available for customers who pre-purchase a day camp pass. Day camp passes make payment convenient, and they offer free days in day camp based on the quantity of days purchased. ☑ Standing reservations are specific to the individual day of the week that is scheduled. Standing reservations 	

must be for the same day each week and must be scheduled for at least one day every other week. The specific day of the reservation may be changed only if there is an opening on a different day.

☑ Standing reservations and/or day camp passes cannot be shared among dogs from different families.

Please call the Pawtown front desk in advance (24 hours prior) to let us know that your dog cannot attend his or her scheduled day in day camp. This helps ensure another dog can enjoy day camp in your dog's absence!

Scheduling	Pawtown reserves the right to temporarily limit or suspend day camp activity from time to time in order to provide the best care for the dogs entrusted to us.
Dirty Dogs	One of the great benefits of day camp at Pawtown is playing in our large outdoor exercise yards. Play in these outdoor areas will cause some dogs to get dirty (especially on rainy days). Our day camp staff will do their very best to clean up dirty dogs; however, parents should understand that the primary role of our day camp staff is to supervise the dogs, not to provide a bath before sending dogs home. As an alternative, you may schedule a bath in the Pawtown spa. Baths are given after day camp and are usually completed by 5 p.m.
Dog Pick-Up	If you need to have a friend or relative pick up your dog, please notify our day camp staff in advance. We will not release a dog to anyone other than his or her parent without advance notification from the parent.
Rates/Services	All rates and services are subject to availability and change
Abandoned Dog	In the case of an abandoned dog, Pawtown will comply with Chapter 70 of the Texas State Property Code.
